After you've clicked apply the dollar amount will change. If it is a free program for members, the code will zero everything out and you just need to click the I agree box and then click confirm. If it is a discounted paid program for members (like the example below), then the dollar amount will change, and you can enter in your credit card details to pay.

There is a credit card processing fee as shown in this example. If you want to pay with cash to avoid the fee you can do so at the museum.
